EGG CARTON CRAFTS

Instructions to create:

Begin by cutting out the individual egg cups from the carton. Next you are going to paint the egg cups with two coats of acrylic paint. You need two egg cups for each project. Set aside to dry.

Once dry, use the Sharpie to draw on fun facial features to one egg cup (from each pair). The mouths happen quite naturally as egg cups tend to have lower points on the sides. Now fill the bottom of your treat box. Once you have filled the base, pop the head on, and tie a scrap of ribbon around him, knotting it at the top.

Ingredients:

- 1 box vanilla instant pudding (makes 3 treats)
- 2 cups cold milk (per box of pudding)
- mixing bowl
- wire whisk
- disposable clear punch cups
- black permanent marker
- snack size candy bars
- red food coloring

Directions:

Prepare pudding according to package directions. To turn the pudding orange, add 5 drops of red food coloring and mix well (Image 2). Tip: If making multiple batches at once, increase the amount of food coloring accordingly (5 drops/box of pudding). Let pudding stand for an additional 5 minutes to firm. Use a black permanent marker to draw a sinister, sad or happy jack-o'-lantern face onto the front of each punch cup (Image 1). Carefully scoop pudding into cups and insert a snack size candy bar into the center of each to act as a stem (Image 2).
