

Making Art with Rain

Materials: Thick paper (that can hold up to getting wet), Watercolor paints, paint brushes, a few rocks to hold paper down outside, a rainy day.

Instructions: On a rainy day, start by painting your design on your paper using watercolor paints. You can space them out or place them close together. Use plenty of water with the watercolor paints, keeping them liquid. Then quickly run outside to place your paper down with rocks to hold into place. Watch as the rain changes your picture.
